

Wheatland Irrigation District
Water Plan Approval Form for Subdivisions

Form Adopted by the Board on January 26, 2007

Subdivision Name:

Name of Developer:

Address:

Telephone:

Subdivider Must Select One of the Following Three Options pursuant to W.S. §18-5-306(xi) and Platte County Zoning Rules and Regulations: (please initial by option selected)

(1) Subdivider will relinquish the water rights to the Wheatland Irrigation District;

(If this option is selected, the Authorization to Detach From must be executed and attached prior to approval by the Board of Commissioners of the Wheatland Irrigation District.)

(2) Subdivider will prepare a water distribution plan;

(If this option is selected, this form must be accompanied by a water distribution plan depicting an existing system or a system to be constructed by the developer prior to sale of lands within the subdivision. The plan must demonstrate that water can physically be delivered to all subdivision lots. All water distribution plans must be approved by the Board of Commissioners of the Wheatland Irrigation District.)

(3) Subdivider will change the place of use and point of diversion to provide for beneficial use of the water rights outside the subdivision to lands located within the boundaries of the Wheatland Irrigation District that do not have Wheatland Irrigation District water rights.

(If this option is selected, this form must be accompanied with evidence satisfactory to the Board of Commissioners of the Wheatland Irrigation District that such change is feasible.)
